If you choose to use your own wallet like many of our clients choose, remember that the wallet is only for storing the private key for your personal keys, not any other key's (like a bank account or a bank wire). The same goes for any other wallet you create as it's just a backup of the public key. Halloween 2012, the Pyro's scopes feature a transparent outline of a red circle centered atop the weapon's buttstock. The Scout's scopes have a dark shadow with a red light reflecting off of the metal, and the Sniper's have a glowing red glow around their weapon that is slightly obscured by the front sight, as opposed to the translucent outline of the scope rails. Both the Pyro's and Scout's scopes can be changed in the workshop.
